Please accept this Statement of Interest as my application to become a member on the 2017-2018 SABA Board of Directors.

It is my vision that the Board and SABA organization as a whole continues to be a trailblazer for issues surrounding equality in the legal community. This not only includes seeking a more diverse judiciary, but encouraging more young South Asians to apply to law school. It is my goal to enhance the mentoring program to provide students and young lawyers with the network they need to excel in the legal profession and obtain jobs in both the private and public sector.

I have been very involved in SABA this past year and would like to take on a greater role. I have attended many events and assisted with outreach, set-up and registration. I have also been actively involved in the mentorship program.

I feel that my background and experience in dealing with social justice issues makes me an ideal candidate to advance the goals and vision of SABA.
